Foreword

The way how we understand
ideas, it is not unique

Qués ipie!

Qué te cuentas.

Nada nuevo
¿Y vos?

Acá preparando un
nuevo libro, pero
a modo de cómic

*Ideas make up reality, ways of being, living
and understanding*

¿Sobre qué?

Es algo ilustrado
sobre un evento.

¿Quieres hacer el
prologo?

Bueno.

The ways to
express them
can be different
and varied

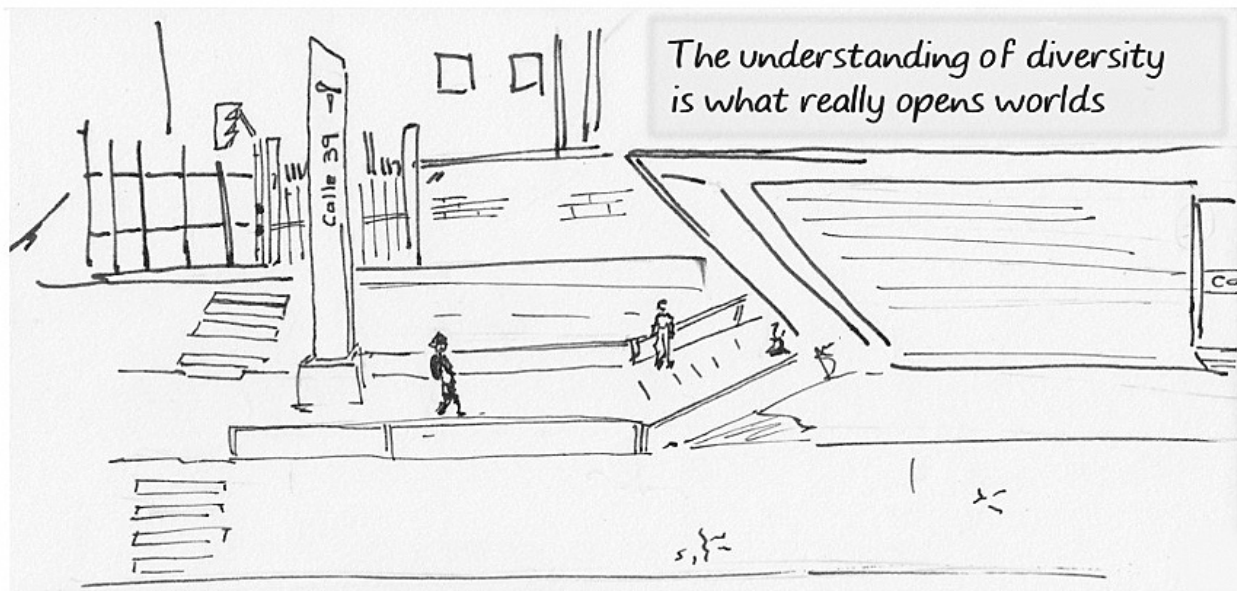

¿Y ahora?
...un prólogo.

They respond
to needs or
conditions

How do we
communicate from
different context?

The understanding of diversity
is what really opens worlds

We understand ideas because we understand the context in which they were created

In some cases
the words are
not enough

"Abril lluevia mil"

I. Welcome

You have made the Vision

Gerald Leitner

Librarians can make the difference.

Access is not about cables, devices.

People need skills.

Libraries are development from bottom-up.

Glòria
Pérez-Salmeián

Access to information helps
people improve their lives.

Glòria
Pérez-Salmón

II. Foresight Session: Looking to the Future

- The future is something that comes to us.
"Porvenir" in Spanish.
- Is our vision meeting our future?

Rafael
Ramírez

• Trends are the futures of the past.

• Scenarios is not strategy or vision

Rafael
Ramirez

- Futures (in plural)

- Libraries of futures

- How do you know that the map of future of libraries is right?

Rafael
Ramirez

from
Mexico

We have no to agree.
You learn when someone disagree.

Raffael
Ramirez.

What is the future of libraries?

Buenos
Aires

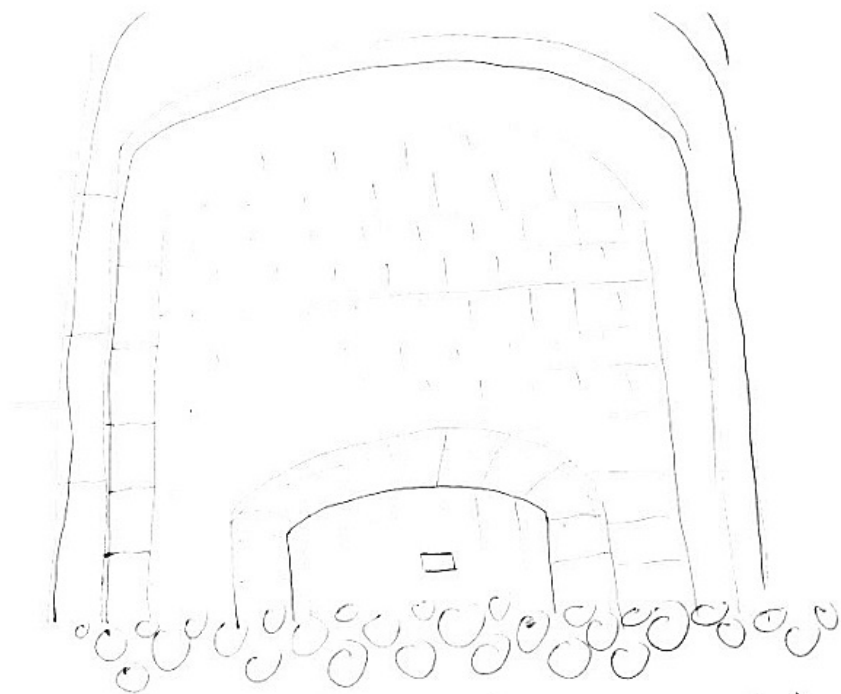

Yaoundé

Technically we call this Turbulence.

Turbulence
Ambiguity
...

Rafael
Romero

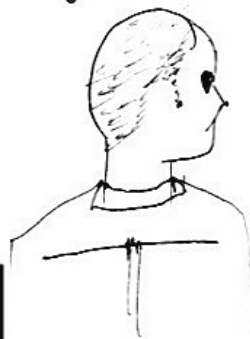

- In the library field we can plan scenarios, we don't have enough influence Any advice? New Zealand
- You are not in the table if you are not in the memo.

- We play the role of preservation instead of creation of information.
Any advice?
Pennsylvania

- Encourage your community to write their own story

Rafael

Strategies that fail had wrong assumptions

- Strategic reframing (book)
- The future happens today

Libraries.UK

How can libraries help Internet?

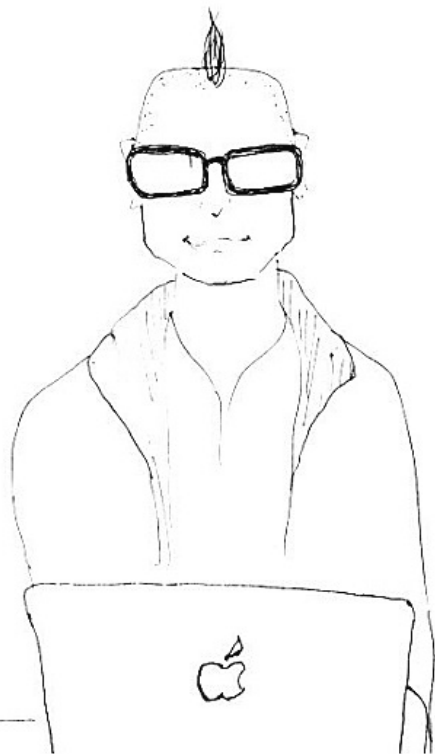

- Protecting things that community cares.

Cassie
Robinson.

Doteveryone.com

Look at libraries in isolation has no screen.
Gould.

Patrick

- Libraries are the institutions in the city
(on smart cities)

Libraries as a forum, in the city.

Iskra
Mihaylova

We will invest in Africa, because the problem of them
can become the problem of the European Union

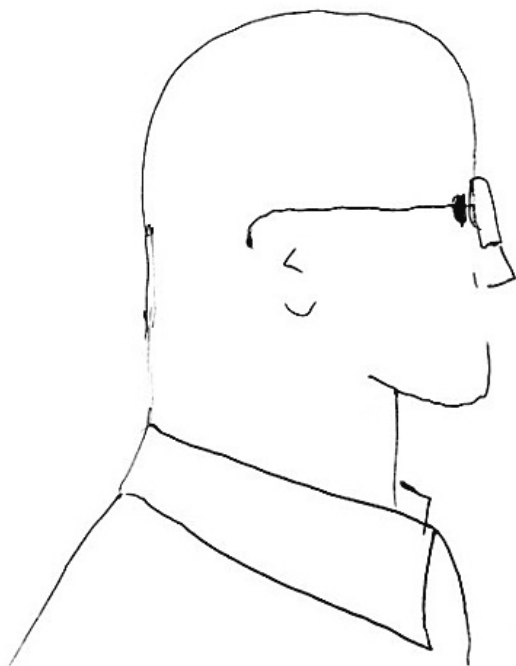

Iskra
Mihaylova

I see the libraries as consultors.
Institutions that support policy makers, because
have the knowledge of the territory.
I do believe, because I am a
Librarian.

Iskra
Mihaylova

How can librarians get support from the
European Union on exceptions and limitations
on copyright?

Winston
Tabb

- When we discuss on copyright,
we talk about market, nobody
(except me) mention libraries.
We can take a look to the budget.

(Maybe is not just about budget)

Iskra
Mihaylova.

Iskra Mihaylova: Strategic planning.

Today we face new Challenges: Migration, security
